Office of the General Counsel

Administration
Weekly Reports

1. We continue to get great benefit and interest out of your successive
25X1A2d1 reports. I would like to comment on the papers in connection with [redacted], in which I think your report is overmodest. I felt your supplemental brief of the appellee in connection with severity of sentence looked very good, and, whether or not it had the desired effect, I think it was an excellent presentation.

2. I am afraid we are not as good about sending you detailed reports of our activities, as our weekly reports do not seem to fit the situation too
25X1A9a well. However, [redacted] is going off on a special assignment and we hope
25X1A6a will be able to stop at [redacted] on his return, at which time he can bring you pretty well up to date. In particular there are some internal office changes which I think you will find interesting.

3. Please let us know if there is any material or specific information we can furnish for you.
